LIFT Appoints Olivia Gamache as Vice President, Sustainability

November 16, 2026 – Vancouver, B.C., Li-FT Power Ltd. ("**LIFT**" or the "**Company**") (**TSXV: LIFT**) (**ASX: LFT**) (**OTCQX: LIFFF**) (**Frankfurt: WS0**) is pleased to announce the appointment of Olivia Gamache, P.Eng., as Vice President, Sustainability, effective November 16, 2026.

Ms. Gamache brings more than 20 years of experience in environmental management, regulatory affairs, Indigenous and community relations, and sustainability in the mining sector in Canada and internationally. Her experience spans corporate strategy, environmental and regulatory risk management, project permitting and development, and building strong relationships with Indigenous communities, regulators and other stakeholders.

Most recently, Ms. Gamache served as Vice President, Environment and Community at Adventus Mining Corporation, providing strategic leadership across the company's environmental, regulatory and social performance portfolios and leading the environmental and social impact assessment for the El Domo Project in Ecuador through to regulatory approval. Previously, she held progressively senior roles at Hatch Ltd. and Yamana Gold Inc., supporting more than 20 mining and infrastructure projects and mine sites internationally.

Ms. Gamache holds B.A.Sc. and M.A.Sc. degrees in Chemical Engineering from the University of Toronto and is proficient in French and Spanish.

Jeff Reinson, Chief Operating Officer of LIFT, commented: *"I am deeply pleased to announce Olivia Gamache as our VP of Sustainability. Olivia's permitting successes, experience, and professionalism will add strength to our team as we build momentum in our development of the Adina Lithium Project and work toward filling the need for lithium in global electrification."*

LIFT Clarifies i2i Marketing Group Engagement

Further to the Company's release dated October 5, 2026, regarding the engagement of i2i Marketing Group, LLC ("i2i"), the Company clarifies that i2i was engaged pursuant to an online marketing agreement dated October 4, 2026. The agreement term ends March 1, 2027. i2i is a private company based in Key West, Florida, United States led by Kailyn White and Joseph Grubb, dedicated to providing marketing services. The aggregate budget of US$1.4 million is payable in installments reflecting budget costs, with US$250,000 due at each of signing, October 9, 2026 and every two weeks thereafter until November 20, 2026 and a final US$150,000 due on December 15, 2026.

About LIFT

LIFT is a Canadian lithium exploration and development company focused on advancing its flagship Adina Lithium Project and the Renard processing facility in the Eeyou Istchee James Bay region of Québec. The Company is working toward becoming Canada's next producer of spodumene concentrate by leveraging its large-scale, high-grade lithium resources and the existing infrastructure at Renard, which LIFT holds under an exclusive option to acquire. LIFT also owns the Yellowknife Lithium Project in the Northwest Territories and maintains additional exploration properties in Canada.

Cautionary Statement Regarding Forward-Looking Information

Certain statements included in this press release constitute forward-looking information or statements (collectively, "forward-looking statements"), including those identified by the expressions "anticipate", "believe", "plan", "estimate", "expect", "intend", "may", "should" and similar expressions to the extent they relate to the Company or its management. The forward-looking statements are not historical facts but reflect current expectations regarding future results or events. This press release contains forward looking statements. These forward-looking statements and information reflect management's current beliefs and are based on assumptions made by and information currently available to the Company with respect to the matter described in this news release.

Forward-looking statements involve risks and uncertainties, which are based on current expectations as of the date of this release and subject to known and unknown risks and uncertainties that could cause actual results to differ materially from those expressed or implied by such statements. Additional information about these assumptions and risks and uncertainties is contained under "Risk Factors" in the Company's latest annual information form filed on April 27, 2026, which is available under the Company's SEDAR+ profile at www.sedarplus.ca, in the Company's prospectus supplement dated August 6, 2026, and in other filings that the Company has made and may make with applicable securities authorities in the future. Forward-looking statements contained herein are made only as to the date of this press release and we undertake no obligation to update or revise any forward-looking statements whether as a result of new information, future events or otherwise, except as required by law. We caution investors not to place considerable reliance on the forward-looking statements contained in this press release.
